Dette lysende symbolet av Sarenrae fremstiller gudinnen med armene utstrakt. I midten av symbolet er det en krystallreliquiar som inneholder en perfekt fjær. Fjæren lyser klart som et stearinlys, badet i gudinnens stråleglans.

Activate Cast a Spell; **Frequency** once per day for each spell; **Effect** The dawnlight casts 1st-level *disrupt undead* or *light*. The *dawnlight's* spell attack roll and counteract modifier are +7, and any spell with the light trait is treated as though its counteract level were 1 higher for counteracting darkness.
